RELEASE GUIDE

BEER CITY

skateboards / **RECORDS**

Over the years we have put out hundreds of releases. What you hold in your hands is a guide of every Beer City Records release still in print. It's all in alphabetical order by band name. Each page has all kinds of info on each release including a description. The last pages contain a checklist of all the releases on one easy to follow grid.

You should be able to find most of these at your local record store or on your favorite mailorder. Of course you can find them all on our website **beercity.com**. Just go to that url and click on "mailorder."

While looking through this you will definitely see some favorites as well as some releases and bands you didn't know about. Don't be shy . Check them out. Sometimes the best things in life turn out to be the ones you didn't know about before. In case you didn't know we don't put out anything just for money. Us actually liking it is the main factor.

If you ever have any comments or suggestions on what you would like to see come out next just contact us through the form on our website.

Thanks for your support,
The Beer City Boyz

INFORMATION:

Artist Hometown: Madison , WI

For Fans of: ACXDC , MOTORHEAD , ROSE TATTOO , THE BRUISER

Originally released in the late 90's, Just the Facts quickly became a must-have release. It was a rowdy good time, skinhead rock n roll full-length that also mixed in elements of hardcore, punk and oi. It really delivered the goods, knocking you off your feet and leaving you wanting more. It was followed up by the Good Life single and shortly thereafter, **BRASS TACKS** called it a day. All 1000 copies of *Just the Facts* quickly sold out. For about 15 years this full length was only available digitally until now.

Beer City Skateboards and Records is proud to bring you for the first time ever on vinyl **BRASS TACKS- Just the Facts 15th Anniversary Edition LP!** This contains the original full length plus the tracks from *The Good Life 7"* as well as the demo track and only recorded version of the song "Just the Facts" – a grand total of 18 blistering boot-stomping tracks. This reissue has been given the deluxe treatment of a brand new layout including a inner sleeve filled with lyrics, photos and flyers from the band's 15+ year existence. All the tracks on this release have been restored and remastered by Dave Eck at Lucky Lacquers.

- Limited to 1000 copies on translucent red vinyl for RSD 2015
- On vinyl for the first time ever
- Restored and remastered to sound louder, harder and more ass kicking then before
- This is a special RSD 2015 reissue

For Fans of: GBH, DRI, COC

DESCRIPTION

F.O.A.D., the second and arguably, best album by **BROKEN BONES** fused the ferocity of their debut, *Dem Bones* with an added sense of ferocity, melody and power, to become one of the most important 80's punk rock albums. Taking the punk rock blue print that was ingrained in their souls and adding a touch of the rising thrash metal movement, it became legendary in that it was, and is, widely regarded as one of the first Crossover records, and along with **D.R.I.**, **BROKEN BONES** pioneered a movement whose fledgling steps gave rise to both the modern hardcore and metal scenes.

Being half studio and half live, *F.O.A.D* showed a band equally comfortable in both worlds. From the opening riff happy salvo's of *F.O.A.D* and "Teenage Kamikaze", through to the incredible live set recorded at the Fulham Greyhound, the album sounds as fresh and vital as it did when it was first recorded nearly twenty years ago and puts ninety nine percent of modern so-called punk rock, hardcore and metal records to shame. For the first time, the "Never Say Die 12" has been included as bonus tracks, a record which further highlighted the bands incredible sense of melody, power and rabid energy. Sit back, relax, tune in, drop out, press play and prepare to be blown away. It really was and is this good....

- Features Terry Bones from Discharge!
- Remastered from the original mix tapes.
- New packaging built from the original artwork.
- Has been out of print in the USA for over 15 years
- First time ever reissued on CD in the USA
- Bonus material includes "Never Say Die" 12" plus one song off a comp
- For the first time ever lyrics are included with this release.
- Release coincides perfect with current 'crossover/thrash' popularity

Artist Hometown: Massachusetts

For Fans of: Early 80's/first wave hardcore and thrash metal

There are many 'hardcore' bands in the early to mid 80's that were well known because of their politics ; stage show or personalities offstage. Then there were bands that just were out there to play hard, fast intense 'hardcore' and knock you off your feet by the sheer power of their music and have a blast at it. This would be Massachusetts' **CANCEROUS GROWTH**.

Starting out by playing fast 'hardcore' and gradually getting even faster and more thrash as time went on. They put out their first LP *Late for the Grave* on 'Ax/ction Records' (A label run by the drummer 'Charlie Infection' ; who also played in **PSYCHO** and then followed it up with a second one entitled '*hmmlmmlum...*' as well as two 7"s, *Today's Society* and *Live at Last*. As well as appearing on *We Got Power Part 2 & 3* and *Welcome to AX/CTION Island* compilations. **CANCEROUS GROWTH** even attracted the attention of the then newly-formed Nuclear Blast Records who did German versions of **CANCEROUS GROWTH**'s first two LP's complete with bonus tracks!

Now Beer City Skateboards and Records is proud to bring you **CANCEROUS GROWTH** - *Cancer Causing Agents ; A Cancerous Growth Discography!* A limited edition reissue of 2000 for RSD 2014; completely remastered discography of this phenomenal yet humble early- mid 80's hardcore/Thrash Metal band. This discography contains both LP's, 7"s as well as all compilation appearances and bonus tracks that were only on the German versions of its LPs. Not only does it come with a CD filled with 46 tracks that are just under 80 minutes of music. Also included is a DVD that showcases the bands history in four different sets. This release comes in a DVD style packaging complete with a huge booklet that contains lyrics, photos, flyers and special introduction by the bands friend and 'Scene Master' Mike Gitter!

So head on down to your local record store and get **CANCEROUS GROWTH** - *Cancer Causing Agents ; A Cancerous Growth Discography!* CD+DVD. It's the only kind of cancer that you want to have!

- Front cover illustration by the legendary Brian Walsby
- All these songs have been out of print for years
- This is a special RSD 2014 reissue
- It is **CANCEROUS GROWTH**'s complete discography
- Remastered for improved sound over the originals
- DVD contains never before released footage

For Fans of: DIE KREUZEN, MDC, NECROS

Out of print for over 33 years, the classic early 80's hardcore/thrash 7" **THE CLITBOYS**, *We Don't Play the Game*, is finally being released! All seven original raging tracks have been restored, remastered and are better sounding than ever before. This run is limited to 1500 on translucent gold vinyl. Not only does this reissue contain a gatefold cover complete with lyrics on the inside, but brand new liner notes by the bass player as well.

THE CLITBOYS were not only one of the original early 80's hardcore/thrash bands, they also choose to take a route no other hardcore bands had yet to tread— being one of the first hardcore bands to be openly pro gay. Not only were they way ahead of their time, they also put themselves at personal risk by taking such a stance in 1982. **THE CLITBOYS** definitely paved the way for the many homocore bands that would come along much later on.

The original 7" was released in 1983 in very limited quantities. Over the years it has become very sought after with the original copies running hundreds of dollars IF you were lucky enough to find one!

- Restored & remastered to sound louder and more raging than before
- This is a rare 7" EP that has been sought after and out of print for decades
- **THE CLITBOYS** are considered by many the godfathers of homocore giving them a huge, diverse following

INFORMATION:

Artist Hometown: Milwaukee, WI

For Fans of: DIE KREUZEN , BLACK FLAG, CIRCLE JERKS

THE CRUSTIES are a legendary, extremely tight, early/mid 80's, Milwaukee WI based band known for playing fast aggressive hardcore and putting their own take on how it should be played.

Their music pushes hardcore past the limits, and expands upon what most bands were doing at that time. They integrated interesting guitar parts along with super-swift tempo changes and stops. They threw in an occasional trumpet riff, along with overt and aggressive jazz influences. It all combined to make up one of the fastest playing, and musically unique bands, ever.

Every time they played, it was obvious these guys were having a blast, but they took their songs (and their musicianship) very seriously. Practicing several times a week was not uncommon for these guys. Neither was their singer's propensity for blowing giant balls of fire out of his mouth at shows!

From 1984 until 1987 **THE CRUSTIES** played any number of shows in their hometown of Milwaukee, as well as many neighboring states. They even got a few tours under their belts, traveling the Midwest and Southern United States. They opened for legendary bands like **THE CIRCLE JERKS**, **MEAT PUPPETS**, **HUSKER DU**, **SAMHAIN**, **MDC**, **SUICIDAL TENDENCIES**, along with **MOTORHEAD** and **THE BODEANS**. After **THE CRUSTIES** opened up for **THE DEAD KENNEDY'S**, Jello Biafra remarked how **THE CRUSTIES** were a breath of fresh air, when compared to what they had seen on the road that year. In 1987, with their singer moving to Austin TX, **THE CRUSTIES** went on hiatus. They managed to get together at least once a year, to play shows when their singer would come back to visit. So they never really broke up.

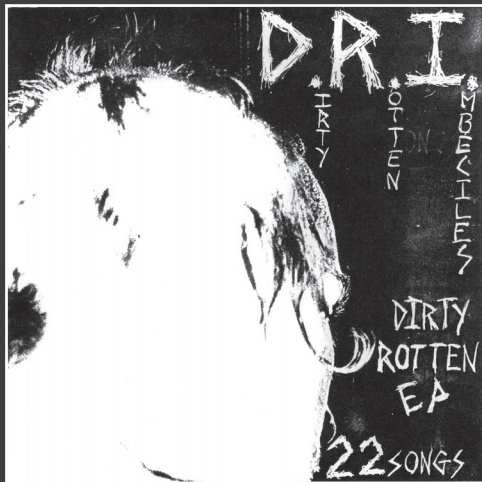

And now, Beer City Skateboards and Records is proud to bring you **THE CRUSTIES** on their first and only full length album: **THE CRUSTIES - Crustunes**. This is a limited edition, completely restored and re-mastered RSD 2016 reissue. After being out of print for nearly 30 years this musical gem will finally be reissued (for the first time on vinyl,) to the delight of many fans world-wide! This release contains 16 tracks of fast, aggressive, unique music that will leave you begging for more, and wishing you could witness the live carnage of **THE CRUSTIES**! Not only has the audio been completely restored and re-mastered, but this release also contains a brand new inner sleeve, complete with lyrics and flyers! To top it all off this is a limited edition, just 1000 copies on translucent red vinyl.

So don't miss out on this piece of unique hardcore/punk history. Get down to your local record store on 'Record Store' day and pick up this legendary reissue!

INFORMATION:**Artist Hometown:** Houston, TX / SF, Ca**For Fans of:** COC, ANTHRAX, METALLICA**DESCRIPTION**

Every story has a beginning and every legend has to start somewhere. For **D.R.I.**, crossover pioneers, it began with the release of *The Dirty Rotten LP*. It refined and reshaped Hardcore, crafting a weapon of high energy, fast as hell, emotionally charged punk rock that altered the face of the hardcore scene forever. Spawning a thousand second rate copycat bands, and ushering in the age of thrash, *The Dirty Rotten LP* is still the Holy Grail of Hardcore, the shining light that many try, and always fail, to imitate, the yardstick to which each and every new thrash band is and always will be compared, and falls short of. Presented once again in all it's original glory, artwork, track listing and sound, it remains a testament to the scene it gave birth to. This is where legend began, this is *The Dirty Rotten LP*...

This is where it all began. Where the legend started. **DRI** defined Hardcore, shaped it, moulded it and made it their own, crafting a raw musical form into a focused weapon, they released a record that would rarely be bettered and never surpassed. Regarded by many as one of the best and most influential Hardcore records ever committed to vinyl, "The Dirty Rotten LP" is finally re-issued, and finally given the release it so truly deserves. Along with LP, the CD also contains the "Violent Pacification" EP, the legendary VATS recording sessions, the bands first live radio session recorded for KPFT Houston in 1982, rare, rarely heard radio interview footage, and if that wasn't enough, also includes interactive video footage from the bands first show at the home of Hardcore, CBGB's, in 1983. One of the most famous records in Hardcore history just got better. Essential for metal-heads and HC kids alike!

DESCRIPTION

Its 1984. **D.R.I.** had just gotten back from the 'Rock Against Reagan' US tour where they opened up for **M.D.C.** and **THE DEAD KENNEDYS**. While the tour was well attended the pay was terrible if not next to nothing. **D.R.I.** returned home tired, cold and broke. Most bands would have thrown in the towel. Not **D.R.I.** They continued to live in their van; eat once a day at soup kitchens; practice non stop; write fast intense songs and play any and all shows offered to them! Once they perfected their new songs they went in and recorded the *Violent Pacification 7"*. Which would be **D.R.I.**'s next release and done in conjunction with **M.D.C.**'s label R Radical Records!

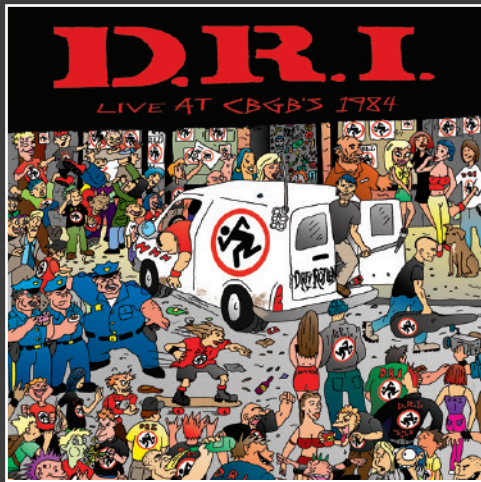

The new 7" contained 4 brand new songs just as fast and furious as their previous release, but at the same time more complex. The band was getting even better. Not only did these new songs pack a punch large enough to kick a full mouth of teeth in, but the new songs contained some faint traces of metal. This would be the first hint of **D.R.I.** turning things up even more and of what would come on their next full length!

With a new *Violent Pacification* out **D.R.I.** did a full US tour where they wrecked havoc on cities all across the US. When the tour was finally done they returned home ready to start work on their next full length. Some major significant changes were about to happen to **D.R.I.** and little did they know the enormous impact these changes and that full length were going to have on the world!

Now after being out of print for 26 years Beer City is proud to re issue *Violent Pacification* in its original 7" format. Once again you will be able to plop down this influential crucial record onto your turn table and enjoy the fast paced heart pounding hardcore master piece the way it was first presented (and meant to be heard) 26 years ago! You get a total of 4 songs that will have you thrashing all over the room and shouting 'Violent Pacification!' till the wee hours of the morning. This is **D.R.I.**! This is American hardcore!

DESCRIPTION

Remember when HC was just that? When it was HC, and not some watered down, consumer led fad forced into mainstream acceptance via corporate policy and greed? You do? So do **D.R.I.**, and as such they (along with Beer City) have unleashed *Live at CBGB's 1984*, recorded on their infamous 1984 US tour, at the home of hardcore, which helped to establish the legend of the **DIRTY ROTTEN IMBECILES!** 40 songs in under 39 minutes! This is how HC should be. Loud, proud, aggressive and raw. Nothing else matters. Close your eyes, suit up and get ready to slam. Who would have thought a history lesson could be this much fun? The past never sounded so good!

Lp is on white vinyl and limited to 2000 copies

- Recorded Live at CBGB's in the heyday of hardcore
- Cd length is 40 minutes. 40 songs in 40 minutes how can you beat that

DESCRIPTION

What do you do after you put out two classic hardcore albums and have started to tour all over the world? If your **D.R.I.** you expand on your metal roots and put out *Crossover*. This was the album that fully cemented metal and hardcore together to form a new style. This album would open up **D.R.I.** to a whole new crowd and help them merge the two scene's of metal and hardcore/punk together.

All these years latter were proud to reissue this classic album. We had it remastered by the original producer/ engineer Bill Metoyer. With that we also added 11 bonus tracks! (to the CD only and which Bill also remastered). Also included are liner notes from each band member and lyrics!

"*Crossover* was the record that took **D.R.I.** from a hardcore punk band with metal influences , to a metal band with hardcore punk roots" - Spike Cassidy - **D.R.I.** founding member and guitarist

For Fans of: Early 80's hardcore

Beer City Skateboards and Records is proud to reissue the classic, phenomenal first 7" of the early 80's hardcore band : **DIE KREUZEN** -- *Cows and Beer* ! After having been out of print for nearly 30 years the original master tapes from this ground breaking release had finally been restored, remastered and given a proper reissue!

"We are doing this because we want to squash the bootleggers," **DIE KREUZEN** singer Dan Kubinski explains. "For years they have been putting out inferior-quality bullshit and ripping off our fans. We want to give our fans a very clean, crisp, loud-and-heavy version of *Cows and Beer*. Billy Cicerelli from WMSE did the initial remastering and then Dave Eik of Lucky Lacquers did further remastering and cut the lacquers -and man, did they do an awesome job! This new version blows the doors and windows off of any other, including the original Version Sound release"

Recorded in a few hours on Sept 11 1982 at a recording studio deep in Milwaukee's south side. The result would be 6 songs that would help redefine the intensity and standard of this newly forming off shot of punk known as hardcore. Some even say this record is the paving way for another offshoot of punk that would rear its head some years latter and become known as thrash!

When this record originally came out it was limited to a few short-run pressings. This time it comes on five different colors of vinyl for a grand total of 5000! (1000 each of red, gold, blue, green & clear vinyl). To make things even more spectacular, this version features brand new liner notes by the band as well as the original lyric sheet and then the one from the second pressing!

- A special RSD release
- Five different colors of vinyl :1000 each of red, gold, blue, green & clear vinyl
- A crucial part of hardcore history
- First reissue where the audio is sourced from the original masters

INFORMATION:

Artist Hometown: ST.Louis, MO

For Fans of: DRI, SLAYER, EXODUS

DESCRIPTION

Hailing from St. Louis, Missouri, thrash metal miscreants **HEAD ON COLLISION** inject every authentic utterance, essence and nuance of the crumbling urban metropolis they call home into their Beer City debut, *Ritual Sacrifice*. The result is the sick, polluted ennui of a dying city conveniently packaged and shrink wrapped for your listening pleasure. The disc rips open with the impeccable Arise From the Wreckage and doesn't let up until the titular final track, cumulating in eleven straight tracks of sullied, gory gold. These days metal is rarely this unfiltered and unaffected; the boys in **HEAD ON COLLISION** let the guitars scream for themselves and manage to make it through the eleven track onslaught with nary a drum loop or a bullshit Taxi Driver sample in the way. Authentic metal for authentic metalheads, *Ritual Sacrifice* is a straight shot of 100 proof thrash metal that should thoroughly disintegrate whatever's left of your brain stem come this album's end. Commence consumption immediately.

- Cover art drawn by Joe Petagno of **MOTORHEAD** fame.
- **HEAD ON COLLISION'S** debut album
- Praised very highly in many reviews as a top notch thrash album

'Skate Rock for Skate Rats' is what the **LOUD ONES** are about! In 1983 fueled by skateboarding a general need to party, raise hell and skate and session every ramp in the northwest soon to be legendary pro skater **FRED SMITH** and four of his friends would start the **LOUD ONES**. The public named them the **LOUD ONES**. **LOUD ONES** was not a band name., it was a reputation!

So with the influence of punk bands they always listened to (**SEX PISTOLS, JOHNNY THUNDERS, DEAD KENNEDYS**) and one month of practice they would go into the studio and record their first demo. Without knowing it among with soon to be peers from throughout the US and Canada they would be creating a whole new genera that would be termed as **SKATE ROCK!**

That demo tape would end up being dubbed a million times and being played at backyard sessions all over the US. Over the next two years the **LOUD ONES** would play a ton of keg parties; record another demo; play shows with **GANG GREEN, THE FREEZE** and **THE FUS!** Eventually Fred would get picked up by Alva Skateboards and the band would soon fizzle out.

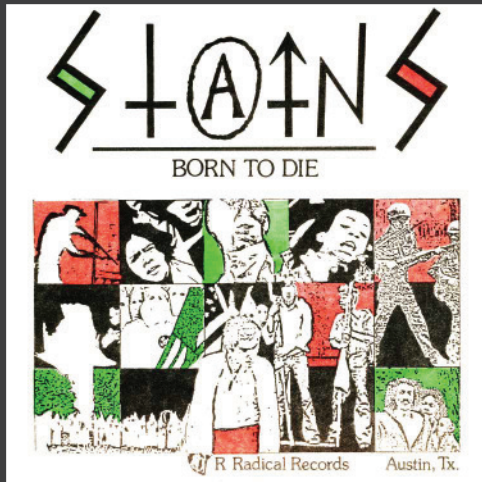

Then in 2012 a reunion would take place and the band would reform with **FRED SMITH, METAL MAN** (who was second drummer in 85); **BOOG, MICHAEL** and **DKNOW** . After one year of playing shows and practice the **LOUD ONES** would go into the studio to record this full length. This LP contains 15 brand and is limited to 1000 copies on translucent red vinyl for RSD 2014! To top it all off the inner sleeve contains liner notes, band history, photos, lyrics and art by Fred Smith III . So grab this up get out your skateboard and go sesh your favorite spot with the **LOUD ONES** blaring!

- Limited to 1000 copies on translucent red vinyl for RSD 2014!
- The first full length and first new songs recorded by the LOUD ONES since 85!

'*Millions of Dead Cops*' is the first iconic, full length; classic 'must have' record by **M.D.C.** This was first released in 1981 and quickly became an overnight sensation. Not only did **M.D.C.** deliver a record full of fast intense music, but this record would influence 1000's of hardcore/punk and bands of political nature to this day.

About one year after this release came out **M.D.C.** was asked to join the **DEAD KENNEDYS** on their Dec 82 Euro tour. To support the tour this it was decided that Alternative Tentacles UK would release a version of this iconic LP remixed by East Bay Ray and Klaus Flouride of the **DEAD KENNEDYS**.

This version of this iconic release has been out of print for years. Now is back as a special limited edition release of 1500 copies pressed (1200 on black and 300 on blue). It also includes a special insert with liner notes by original M.D.C. guitarist X-Con Ron as well as never before seen photos!

So go out and get this special limited edition reissue before its out of print once again.

It was 1984 and there was a gigantic famine going on in parts of Africa especially Ethiopia. **M.D.C.** attacked the problem head on. This was all due to greed by multi death corporations and corrupt governments. If not for this greed this problem could easily be solved. Included is a huge fold-out poster explaining the problem in depth and what can be done to stop it. Musically you would see **M.D.C.** continue to get faster and more thrash like. Their lyrics would continue to tackle the cause of these problems and offer solutions. This record first came out in 1984 and went out of print shortly after.

13. Prank
14. So Happy
15. Space Shuttle Disasters
16. Smoke Pot and Kill Your Parents

Back in 93 Beer City booked a crazy Milwaukee band who went by name of **THE MOTHERFUCKERS** to play a homeless benefit they had had organized. Right after seeing them live, how intense they were and the incredible no holds barred HXC they played ; Beer City decided to put out a 7" for the band. It sold 2000 copies almost instantly. **THE MOTHERFUCKERS** were an amazing band. Their live shows coupled with a we don't care drunk punk attitude instantly won all over all true fans of punk and HXC who were (un)lucky enough to catch the band at a show. Following the success of the first seven-inch, Beer City knew it wouldn't be long before they had to do another. Unfortunately due to drugs, alcohol, jail time and eventually death. **THE MOTHERFUCKERS** were forced to call it quits. However, the original recording remained and on the DAT tape were nine other songs recorded at the same time. The intention was to eventually use these for another release. Since these nine songs never got released. A plan was made to release these with the original songs from the 7" as an LP. After all, the original seven-inch had sold out its original run and had never been repressed. So we took these seventeen songs , made it a full length! This record is a limited run of 1000 copies and they are on clear see through Mr. Yuck green vinyl!

- Comes on Mr. Yuck green vinyl
- Tim YO (founder of MRR) compared **THE MOTHERFUCKERS** to early **MDC**
- Praised very highly in many reviews as a top HXC album

"This is some crazy obscure shit that's actually pretty fuckin' great ... If you have any interest at all in early crossover, this is an absolute must have!" - *Maximum Rock N Roll*

NO IDEA is a Swedish Crossover/HXC band from 1986. *Jag Hatar Punk* has been fully restored and remastered! While there is a lot of music from this era being reissued this is truly one of those hidden gems that needed to be made available to the world.

Jag Hatar Punk unleashes thirteen songs of Crossover/HXC that will blow you away. Being in the right place and time this band could have gone onto be big like many of their peers in the US. Regardless of how unknown they were this record stands out as one of the best crossover/HXC records of all time. While this will certainly be a release sought out by collectors; any fan of Crossover/HXC will need to have this album!

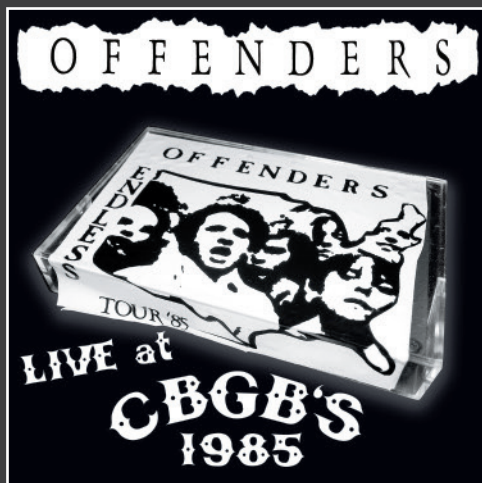

Not only does this reissue contain all thirteen songs restored and remastered. Also contained are liner notes by the band as well as pictures and flyers from back in the mid 80's.

To make matters even better **NO IDEA** got back together in Feb for a show in Sweden. It went so well that they will be touring the US this spring!

So get this record and own a piece of Crossover/HXC history!

For Fans of: Thrash metal and early 80's hardcore

We proudly present *Tired and Furious* - a brand new thrash/metal album from the legendary **RAW POWER** that will crush your skull like a ton of bricks. It's 16 songs of fast, intense kick-you-in-the-face thrash from a band that's been going strong and pushing the limits of hardcore and thrash since the early 80's!

Tired and Furious will wreak complete havoc with your eardrums and crush everything in its path. Recorded and produced by Adam Tucker of Signature Sound studios and with cover art by the legendary Joe Petagno. With blaring guitars, devastating drums, heavy bass and raw, loud angry vocals *Tired and Furious* is the perfect combination of fast intense thrash/metal.

Total anger and disdain for the harshness of this world and the people who make it so corrupt fuel the fire of **RAW POWER**. The results of this anger and the immense talent that **RAW POWER** brings to the table is this brand new album - *Tired and Furious*!

As a special bonus this phenomenal full-length is available not only on CD, but a limited edition of 1000 LPs on transparent green vinyl for RSD 2014!

- **RAW POWER's** first new full length since 2010
- Original cover art by legendary Joe Petagno famous for his work with **MOTORHEAD, PINK FLOYD, LED ZEPPELIN** and more
- Professionally recorded, mixed and mastered by Adam Tucker at Signaturetone

For Fans of: **ARTICLES OF FAITH , CIRCLE JERKS , BLACK FLAG**

"Hardcore that's well recorded and executed...they have lots of style , plus punkrockin drive and fury...really good.. check them out!" - Spamm - Volume 1 issue VII.

BEER CITY is proud to bring you another classic early 80's hardcore/punk reissue! This time its from **RING 13** who hailed from Dekalb,IL and were a first wave hardcore/punk band from 83-85. What you get on this release is the original *Nothing New Nothing Learned* full length (for the first time ever on vinyl) fully restored and remastered. Of coarse there is brand new liner notes from the band as well as lyrics and photos.

The fun does not stop there. In 2007 RING 13 was asked to play a fest in their home town. So they got back together and played the fest and kept things going. Then in 2013 they headed back in the studio and recorded 5 new songs for a release called *Rub the Lamp* that has not seen the light of day till now. This time the band took a way more 'left of the dial' approach and turned out 5 really good catchy tuneeful songs that would defiantly have made a huge impact on the left of the dial scene of the 80's . A special insert with lyrics , liners and photos is included for these songs as well.

In short 19 songs that will knock your socks off and a definite part of first wave early 80's hardcore/punk history!

- Early 80's hardcore that has not seen the light of days in years
- Fully restored and remastered
- Contains brand new songs as a bonus

INFORMATION:

Artist Hometown: Texas and San Francisco

For Fans of: DRI, DIE KRUEZEN, POISON IDEA, THE BIG BOYS, MDC

In 1983 **VERBAL ABUSE** recorded their seminal album, *Just An American Band*. Having moved from Texas to San Francisco in 1981 and subsided on a diet supplied by soup kitchens and whatever else they could lay their hands on, **VERBAL ABUSE** epitomized the term Hardcore. Theirs was a sound born of fury, born of righteous anger. This was hardcore in its rawest form, undiluted by the outside world. The band was the soundtrack to a scene still in its infancy, a scene that rallied and stood firm against the outside world. Just An American Band remains as a testament to a time when to be hardcore, you had to live hardcore. Anything else was unacceptable!

The CD version contains a live set from the 1984 tour on which the band played with punk legends as The Ramones, The Dead Kennedys, Die Krezen, Poison Idea and the Cro Mags, and features liner notes from the band themselves.

- Finally available in vinyl format
- Remastered for highest quality and loudest version ever
- **VERBAL ABUSE** was made popular by **SLAYER** covering six of their songs on their *Undisputed Attitude* LP
- Limited pressing of 1000 on red vinyl
