Beer City Skateboards and Records is proud to present a special limited edition record store day vinyl version of **D.R.I. - Live at CBGB's 1984**. This is the first time this recording has been on vinyl and it was fully restored and remastered by Dave Eck of Lucky Lacquers. To top it all off its limited to 2000 copies on white vinyl.

Remember when HC was just that? When it was HC, and not some watered down, consumer led fad forced into mainstream acceptance via corporate policy and greed? You do? So do **D.R.I.**, and as such they (along with Beer City) have unleashed *Live at CBGB's 1984*, recorded on their infamous 1984 US tour, at the home of hardcore, which helped to establish the legend of the **DIRTY ROTTEN IMBECILES!** 40 songs in under 39 minutes! This is how HC should be. Loud, proud, aggressive and raw. Nothing else matters. Close your eyes, suit up and get ready to slam. Who would have thought a history lesson could be this much fun? The past never sounded so good!
