By what would become this legendary hardcore/punk band. Fast forward to 2022. Not only did we restore and remaster this , but we also used the original mix and put it out on 45RPM so its louder and sounds better then it ever has before.

BEER CITY SKATEBOARDS AND RECORDS is proud to bring you **M.D.C.** - *Multi Death Chicken Stains 12" - Millennium Edition LP!*

After their debut album in 1982 **M.D.C.** quickly became a huge name in hardcore/punk. **M.D.C.** was far from their work being done. With the world going to hell and nuclear war on the verge of happening. You had a bunch of angst, anger and frustration that **M.D.C.** managed to funnel into even after more intense songs that would end up being their second and third 7"s.

Finally after all these years all the songs from their legendary early 80's 7"s

(*Multi Death Corporation, Millions of Dead Children AKA Chicken Squawk, The Stains - John Wayne*) are assembled on one 12" . Completely restored and remastered. Along with bonus tracks that were recorded during the original sessions, but couldn't fit on the 7"s. All on 12inch so the grooves are farther apart and deeper and at 45RPM so they are now louder, sound better and more impacting then ever before.

Things don't stop there folks. The *Multi Death Corporation 7"* and *Millions of Dead Children AKA Chicken Squawk 7"* each came with impressive packaging each complete with a fold out poster that contained not only lyrics, but some very important info to. So we decided to include those with this record. So its almost like getting the 7"s, but with better sound and no collector prices.

It just keeps getting better cause **M.D.C.** founders Dave Dictor and X Con Ron each wrote brand new liner notes for this release as well.

So if you want to own a part of hardcore/punk history thats just as ass kicking and as relevant as it was when it first came out. Pick up this release and never forget 'Don't Mess with Texas... **HARDCORE!**'
